

## NAGLE WINS HALF A VICTORY OVER COWAN

Court Refuses to Order  
Certificates of Election  
to Opposing Faction.

REFUSES TO INTERFERE

Reckless Wholesale Perjury on  
One Side or the Other,  
He Declares.

Justice Leventritt today refused to order the Board of Elections to issue certificates to the Cowan-Fraser candidates, who were on the ticket in opposition to the forces of Percy Nagle at the Eleventh Assembly District.

Justice Leventritt agreed with Assistant Corporation Counsel Butts and the Board of Elections that the evidence was so conflicting that it was impossible to determine whether Nagle's majority of 1,200 over Cowan in the south half of the district was procured by violence, the intimidation of the primary officers or the stuffing of the ballot boxes.

The Board of Elections had refused to issue a certificate to either party, and in the name of Wallace Fraser, Cowan's running mate in the Eleventh district, applied for a writ of mandamus directing the Board to issue the certificate to their candidate for delegate to the Senate, Congress and Assembly Convention.

Justice Leventritt heard Roger Foster, for the Cowan-Fraser faction, and Maurice Untermyer for Nagle, in a long discussion yesterday, at the conclusion of which Mr. Butts stated the neutrality of the Board of Elections. In denying the writ of mandamus today, Justice Leventritt declared that there was wholesale perjury in the conflicting affidavits submitted, and that if there were time for such a proceeding he would order a rehearing in open court with the members of the affidavits on the witness stand for cross-examination.

"I refuse to interfere," said the Jus-

## 5c 10c 15c 19c 29c yd. for Embroidery Samples

worth two to three times the price.

Twice each year we are able to corral these Embroidery Samples from St.  
Gall, and at the sale of them we have never yet been able to supply the demand, so great have  
been the crowds.

We have doubled the quantity and the selling space for to-morrow, so you  
are sure not to be disappointed. There'll be enough of them for every one.

They are short ends, samples and "seconds" of the world's foremost embroidery house,  
representing kinds most favored for shirt waists, corset covers, children's dresses, skirt ruffling  
and so forth.

These embroideries come to us in the rough. They are not carded or cut out (a great saving of labor, which  
helps account for the price)—others are slightly imperfect. Whatever you may want is sure to be found in the  
lot, and at the

Most Sensational prices of the entire year.

### Winter Overcoats & Reefers

For Boys, \$3.50.

Let's be real conservative and base their value on  
the nearest approach we have seen to them in any other store—  
marked \$5. And what superb Five Dollar coats they really are.

Materials are Wool Frizes. The  
Reefers in sizes 6 to 12 are lined  
with red flannel; the Russian  
coats have flannel or plain lin-  
ings—these in sizes 2½ to 10.  
Then, there are coats for big  
boys in sizes 7 to 16. Oxford  
Gray, Black, Blue.

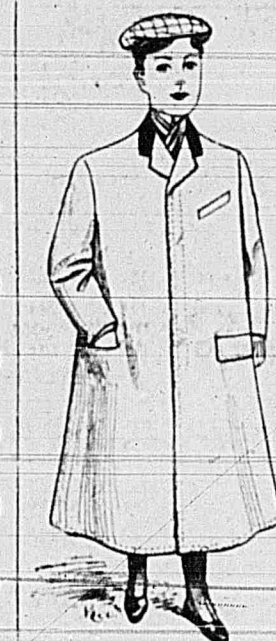

We have had Coats to sell at \$3.50 be-  
fore this, but never any like these.  
Many other kinds to show you—\$5  
to \$15.

Boys' Suits at \$2.50.

These are broken lots and sizes of Suits  
that have sold up to Five Dollars. Only  
three or four of a style, but the youngsters  
who get fitted will have something to be  
proud of. Assortment comprises:

Russian Suits in sizes  
2½ to 8.  
Sailor Suits in sizes 5  
to 10.  
Norfolk Suits in sizes 7  
to 14.  
Double-Breasted in  
sizes 8 to 15.

These two latter have Knicker Trousers,  
a style much in vogue this season.

### One Day's Extraordinary Specials in Upholstery Store.

Here are things you want right now—while the re-  
decorating of the house is in work. Quantities are not large, and  
it is because they are little lots that we can make these exception-  
ally low prices.

\$6 Scotch Lace Curtains, \$2.50.

A baker's dozen of the richest designs we have ever shown at this low  
price—magnificent fac-similes of the expensive real laces, and all are full  
width and 3½ yards long—and remember, this is a one-day special—usually  
\$4.85 to \$6.50.

\$8.90 Tapestry Portieres, \$5.

The record-making business of the past five weeks has left us with over  
a dozen styles, in which the color line is incomplete. We have grouped  
these together for a great Friday offering. We say \$8.90 grades, but if we  
were to mention actual former selling prices we might be accused of over-  
stating.

\$5 Couch Covers, \$2.80.

Just 200 covers in the lot—all one design, but different color selections.  
They're heavy quality, reversible—have heavy tasseled fringe, full 60 inches  
wide, and are equal to the standard \$5 sorts. You'll have to hurry for  
these.

\$6.50 Imported Table Covers, \$2.95.

Another of those sensational values that tend to make our upholstery  
store the busiest in Manhattan. Friday's sale price is less than import cost  
—our way of making new friends. Dining table size—heavy reversible  
tapestry—colors and designs the latest foreign conceptions.

75c Drapery Silks, 50c.

New border effects—pretty designs and colorings—excellent for lambr-  
quins, scarfs, etc. As we have only sufficient for one day's selling, we will  
limit the sale on this item to six yards (two lambrquin lengths) to a pur-  
chaser in order that all may participate.

\$1 Ruffled Renaissance Curtains, 75c.

We have 250 pairs—while or Arab color—72 inches long—made of good  
hobnob, with lace insertion and lace-trimmed ruffles. This lot will hardly  
last the day out, so come early for these.

### FRIDAY ONLY! Two Thousand Men's Scarfs

Made from Silks Used in regular  
50c, 75c and \$1 Kinds; all at... 25c

When Neckwear makers are working on some  
particular order that calls for a certain number of  
Scarfs, they invariably have left over a small quantity  
of the Silk; these they hold until a sufficient quantity  
is accumulated to make up a "bargain lot"—which  
some one of their better customers gets hold of.

Two thousand Scarfs, made from silks of this character, have  
just reached us from the best neckwear maker in New York.  
There isn't a piece of silk in the lot that would ordinarily go  
into less than a half dollar Scarf, while fully half of the quan-  
tity used are 75 cent and \$1 kinds. (Main Floor.)

All Four-in-Hands—in the new shape; some are the French  
(pattern both sides); others are lined. Very fine quality silks,  
and naturally handsome patterns, since they go mostly to high-  
class haberdashers.
